PROFESSIONAL EXPERIENCE

SYNEOS HEALTH (INC/INVENTIV HEALTH), Somerset, NJ

2015 - Present

Senior Operations Manager, Selling Solutions

Manage project planning and process implementation to successfully deliver outsourced Sales Operations technology and service support to major pharmaceutical companies. Lead high-performance project teams responsible for recruiting, territory and data management, and training through launch and transition to operational support.

GALAXE.SOLUTIONS, Somerset, NJ

2014 - 2015

Project Manager, Patient Systems, Enterprise Services, and Application Systems

Provided project management and client operations support to major life sciences clients. Responsibilities included project tracking and administration, knowledge transfer and onboarding support, resource alignment, client interface and reporting as well as communications planning and training.

HORIZON HEALTHCARE INNOVATIONS, Newark, NJ

2011 - 2014

Manager, Solution Development

Responsible for development of new Episodes of Care payment innovations pilots in collaboration with health care providers to improve quality outcomes, increase patient satisfaction, and lower the total cost of health care.

- Completed analysis, financial assessment, recommendation, and timeline for oncology pilot with anticipated savings to Horizon BCBSNJ of almost \$1Million annually.
- Implemented hospital-physician shared savings model, project-managed physician incentive program, and managed total joint replacement pilot to successfully achieve year-end results.
- Developed strategy and model for implementation of Coronary Artery Bypass Graft (CABG) pilot.
- Developed and implemented processes to onboard and maintain provider relationships as the Episodes of Care program expanded to include additional specialties and partners.

EXPRESS SCRIPTS (MEDCO HEALTH SOLUTIONS), Franklin Lakes, NJ

2007 – 2011

Manager, Secondary Benefits/COB

Project Management (2009 – 2011)

Versatile **PMP** with strong business acumen responsible for concurrent management of a wide variety of projects including revenue protection, process improvement, new product introduction, system redesign, client migration and implementation, compliance, and employee satisfaction to fulfill corporate goals and objectives. Recognized by Project Teams for consistent and dependable delivery of project management support (SDLC and Agile).

Product Operations (2007 – 2009)

Developed, implemented, and managed a Medicare Part D Coordination of Benefits process designed to ensure Medicare as Secondary Payer. Implemented continuous process improvement to successfully pass Medicare audits to achieve and maintain 100% compliance with mandate by Centers for Medicare and Medicaid (CMS).

- Reduced record processing time by 80%.
- Increased response rate 30% through improved payer letter communications.
- Reduced inbound call-handling resource requirements by 75% through enhanced scripting.

Senior Program Manager, Strategic Products (*Consultant, Decision Strategies, 2007*)

Project managed Medicare Part B initiative within Strategic Benefit Services. Responsibilities included change control processing, issues and Core Team management, partner interaction, and client implementation planning.

COMVERSE TECHNOLOGIES, Wakefield, MA

2006 – 2007
